

Clark Construction Company JEDI Scholarship

DETAILS AND REQUIREMENTS

We have created the Clark Construction Company Justice, Equity, Diversity, and Inclusion (JEDI) Scholarship to support and mentor students from historically underrepresented demographics in construction management and engineering. The program's mission is to provide these students with the opportunity to attain their professional goals while advancing the architecture/engineering/construction (AEC) industry and improving the built environment. We are committed to the academic and career success and advancement of traditionally underrepresented groups within the construction industry.

Among other JEDI initiatives, we offer this Scholarship which awards a total of \$10,000 to a group of qualified students. Female and minority students who are currently enrolled or planning to enroll in a STEM program or field of practice related to construction management are welcomed to apply. We encourage eligible students to apply prior to each academic year. The Scholarship may be awarded to students for multiple years and will require students to re-apply each year.

ELIGIBILITY AND REQUIREMENTS

- + This diversity scholarship is open to underrepresented demographics of gender and race. It is open to high school seniors through college juniors entering their senior year. Graduating ACE program seniors are encouraged to apply.
- + Applicant must be currently enrolled in good standing or accepted and planning to enroll in a STEM course of study leading to a career in a construction management related program for the following academic year. Preference to those who are Michigan based and/or seeking a career in this region.
- + Applicant must desire a career in a construction related field.
- + All applications selected will be subject to a personal interview with representatives of the scholarship committee.

APPLICATION DEADLINE AND NOTIFICATION

- + Applications must be submitted by **February 24, 2023** at 11:59PM EST
- + The winner(s) will be notified by March 24, 2023

SCHOLARSHIP AWARD

- + Awarded scholarship amounts will be determined based the number of qualified applicants and the excellence of their applications.
- + Scholarships will be paid to the student's tuition account at their educational institution.
- + Students who apply for the scholarship may be presented with an opportunity for an internship at Clark Construction Company.

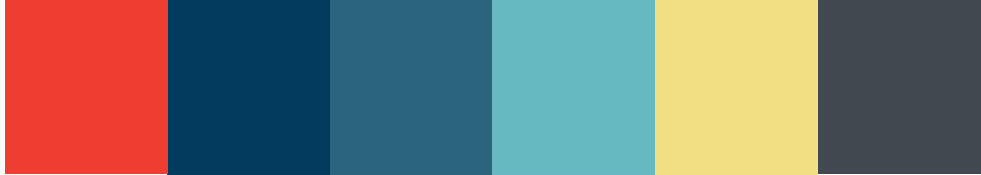

*The scholarship is not contingent on acceptance of the internship.

HOW TO APPLY

- + Fill out and submit the application form along with a one-page essay based on the question listed on the application.
- + Submit two (2) years of academic transcripts.
- + All submissions must be emailed to scholarships@clarkcc.com

ESSAY

Along with the application, you will need to write and submit a one-page essay based on the following, or submit a relevant letter of recommendation from a faculty member of your program:

We at Clark Construction Company desire to support historically underrepresented groups in their successful pursuit of AEC and STEM education and careers within the construction industry. In doing so, our goal is to increase the qualifications of a diverse and inclusive workforce to further our profession and our communities. Please describe why you are interested in pursuing a college degree and a career in the construction industry and how an organization like Clark Construction Company could help you personally in this pursuit.
